Re: Removal from Hazardous Site Inventory

Highway 82 West
Willacoochee, Atkinson County, GA 31650

Dear Mr. And Mmes. McCranie:

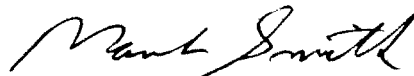

The Georgia Environmental Protection Division (EPD) has completed its investigation and cleanup actions for the above referenced site. Based on the results, I have determined that the site is now in compliance with Type 3 Risk Reduction Standards (non-residential standards). Therefore, I am designating this site as needing corrective action as provided for in Section 391-3-19-.06(6)(b)2 and I am removing this site from the Hazardous Site Inventory in accordance with §391-3-19-.05(4)(b) of the Rules for Hazardous Site Response as of the date of this letter.

EPD has filed a lien on the property (a copy of lien is enclosed). As the site is in compliance with non-residential cleanup standards, an annual inspection is needed to make sure the site maintains the compliance with Type 3 Risk Reduction Standards.

As required by §391-3-19-.06(5)(f) of the Rules, a public notice announcing this determination shall be published in the *Atkinson County Citizen*.

If you have any questions regarding this matter, please contact Mr. Yue Han of EPD's Hazardous Sites Response Program at 404-657-8600.

Sincerely,

Mark Smith, Chief
Hazardous Waste Management Branch
